

Aloha La Pietra Parents & Guardians,

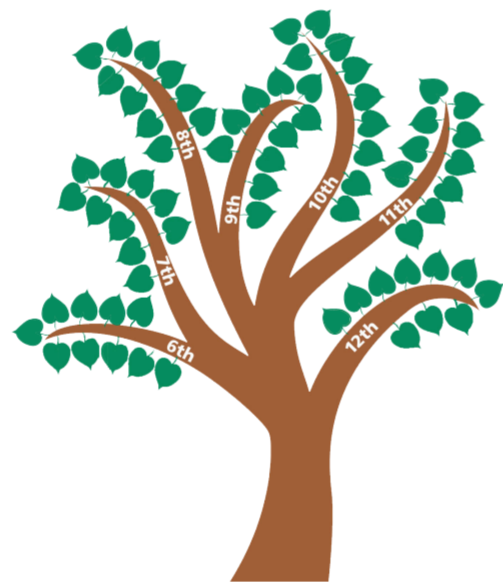

Thank you for your continuous support of La Pietra – Hawai'i School for Girls. We are excited to announce that our yearly **Plant a Seed campaign** has officially begun! We invite you to participate in this year's Annual Fund participation competition throughout November.

Regardless of size, your contribution directly supports our mission of empowering young women to lead a life of purpose.

MAKE YOUR GIFT

Our goal this year is to achieve 100% parent or guardian participation by the end of the campaign. Last year, over 70% of our La Pietra families took part, and we are aiming even higher this year!

As donations come in, we'll update you on division participation through the [Daily Bulletin](#) and our Plant a Seed tree, displayed proudly in front of the school. The division with the highest participation by the end of November will be treated to cupcakes as a celebration of their collective effort!

Thank you for your continued generosity and dedication to your daughters' education. Together, we're shaping their future and making a lasting impact on the entire La Pietra community!

With gratitude,

Teré Aceves
Dir. of Institutional Advancement & Enrollment Services
