

Dear La Pietra Community,

We are thrilled to extend an exclusive early registration opportunity for our La Pietra families to participate in our exciting new summer course, **The Ripple Effect: Mālama Wai & Innovation!**

PROGRAM DETAILS:

- **Dates:** Monday, June 9 – Thursday, July 3, 2025
- **Time:** 9:00 AM – 2:00 PM
- **Tuition:** \$500

This immersive four-week program combines cutting-edge technology and environmental stewardship, focusing on water sustainability and its essential role in our local ecosystems. Highlights include:

- Hands-on robotics projects that integrate advanced technology with real-world water sustainability initiatives.
- Field trips to inspiring locations for inquiry-based learning and problem-solving.
- A unique chance to deepen understanding of the 'āina (land) and wai (water) that sustain us while making a tangible impact on Hawai'i's future.

Don't miss this exclusive opportunity for La Pietra families to register early—spaces are limited and available on a first-come, first-served basis before registration opens to the public.

[Register Today!](#)

Mahalo for being an integral part of our La Pietra community. We can't wait to see your child immerse themselves in this exciting new program!

Should you have any questions about the program or registration process, please reach out to summer@lapietra.edu.

Warm regards,

La Pietra – Hawai'i School for Girls
